"Of all the life skills available to us, communication is perhaps the most empowering" - Bret Morrison

Dear Parent,

With the goal of fostering effective communication skills and building confidence, we are excited to announce our "Show and Tell" event for Nursery children.

This event provides an opportunity for children to develop their speaking skills, boost their confidence, and build new vocabulary. Sharing their favourite items helps them feel valued and heard, while active listening is encouraged as they attentively listen to their peers.

Additionally, Show and Tell also fosters creativity by prompting children to think about what to share and how to present it.

Details of the Event:

- **Date:** 29th July, **Monday**
- **Activity:** Show and Tell
- **Theme:** "My Five Senses"

Guidelines for Participation:

- ❖ Help the child prepare a self-introduction
- ❖ Each child is encouraged to prepare 4-5 lines about one of the five senses (sight, hearing, taste, smell, touch) that they are learning these days and describe their chosen sense using the prop they bring.

Parents are requested to motivate their ward to present the lines with correct pronunciation and proper voice modulation.

Areas to be emphasized are:

- ❖ **Content**
- ❖ **Clarity**
- ❖ **Fluency**
- ❖ **Use of prop**

We look forward to seeing the children participate wholeheartedly.

Thank you for your support to our little Dipsites in their learning journey.

Warm regards

Headmistress
