Date:17.02.2025

*"We do not inherit the Earth from our ancestors; we borrow it from our children."*

Dear Parent,

At DPS Surajkund, sustainability is more than an activity—it is a commitment. Throughout the year, our young Dipsites have explored, experimented, and embraced ways to nurture our planet. Their journey of mindful living now culminates in our annual production, ***"Echoes of Tomorrow – A Musical Awakening."***

This special event is a tribute to their curiosity, creativity, and conscious efforts toward a greener future. Through performances and storytelling, our Dipsites will echo the promise of a better tomorrow—one they are ready to shape with their small yet powerful actions.

Kindly save the date - **Sunday, March 9, 2025** as we invite you to join us as we celebrate the voices of our future, recognizing that every small step today contributes to a brighter, more sustainable tomorrow. A **detailed circular with an invitation** will be shared shortly.

As our Dipsites prepare for this event, we kindly request your contribution towards their vibrant new costumes, **specially designed** and made for the annual production. These costumes will not only serve as an attire for the event but also as **cherished keepsakes**, preserving the memory of this significant milestone for your child.

**Please note, after the presentation, the costume does not need to be returned.**

- You are requested to send **Rs. 1350/-** for the costume charges latest by **Wednesday, February 19, 2025**. Please send the exact amount to the class teacher in a well – labelled envelope, stapled in the Almanac, with the name of the child, class, section and class teacher's name. The other details will be shared shortly.
- This amount is non-refundable.

We look forward to seeing you at the event.

Warm Regards

Headmistress

DPS Surajkund
