"Poetry is the rhythmical creation of beauty in words." – Edgar Allan Poe

Dear Parent,

Poetry is a delightful way to nurture young minds and strengthen their language skills. Through rhyme, rhythm, and expression, children enhance their pronunciation, vocabulary, and listening abilities. Reciting poems also builds confidence in public speaking, improves memory, and stimulates creativity — making learning both enjoyable and meaningful.

To foster these skills, we are pleased to announce a Poem Recitation Competition for our Balvatika III students, titled **"Poetry in Motion."**

 **Date of Activity:** 21st November 2025

Activity Guidelines:

- Each child is encouraged to prepare and recite a short English poem.
- Emphasis should be on clear pronunciation, expressive delivery, and confident presentation.
- Students may bring one small, relevant prop to complement their recitation.
- All props must be clearly labelled with the child's name.

Assessment Parameters:

- ✓ Memorization
- ✓ Voice Modulation
- ✓ Clarity of Speech
- ✓ Confidence and Presentation
- ✓ Use of Props

We look forward to your support in helping our young Dipsites prepare and perform their poems with enthusiasm and confidence. Let us come together to make this fun-filled, language-building activity a memorable experience for every child.

Thank you for your continued support and cooperation in making learning engaging and inspiring for our Dipsites.

Warm Regards,
Headmistress
Delhi Public School, Surajkund
