

# Weekly Planner

Week:2

Theme: "Special Me"

Class: Montessori

# Welcome to the World of Learning

Dear Parent,

Our first week in Montessori was a stepping stone for our little Dipsites into the world of fun and learning. Children have started settling with their peer group and teachers.

The week ahead is promised with fun-learning activities to explore the new amazing horizons. To provide with an insight of our child's learning experiences, we are sharing with you the weekly planner for this week.

Early childhood is the right age to instill confidence about oneself and self love and appreciation. This month's theme, "Special Me" provides them with the perfect opportunity to learn more about themselves. It features a variety of playful and hands-on activities designed to help children know more about themselves and the beautiful world around them.

# Activities of the Week

Treasure Hunt  
Nature Walk
