

A Peek at Our Week

**Class
Prep**

Week-5
May 8-12, 2023-24

**Theme of The
Month- April-May**
'The 'Wonderful Me!'

Dear Parent

I'm happy to share that the children are enjoying the learning process with each passing day. Every day they enter the school with a skip and a jump and this makes me happy. They enjoy each and every corner of the school and interact with their peers from other classes as well. As you are aware, we are sending home assignments regularly. It is important that the child does it independently. We have started sending the storybooks every weekend as well. It is appreciated if the child is encouraged to listen to a bedtime story with a parent. It develops a bond and at the same time enriches the vocabulary.

Celebrations not only add joy to the life of the young Dipsites, it also exposes them to the rich culture of our country and the world. In the upcoming week, children will be celebrating Mother's Day. They will be involved in various activities showing gratitude towards their mothers. "Matru Devo Bhava"

Celebrations

- Mother's Day 12th May
